A volunteer fire organization, the Laurel Steam Fire Engine Company, No. 1, of York, Pa., arrived in this city yesterday afternoon over the Chesapeake and Ohio railway, and were met at the depot by the following committee of the Richmond Fire Department: Chief Puller, Assistant Fire Department: Chief Puller, Assistant Chief Shaw, Messrs. William and Charles E. Loeffler, R. B. Goodman, William Hays, Lawrence Hacke, R. R. Millikin, W. B. Shaw, Joseph Hefly, Horace Clark and Captain J. H. Redwood.

The line of march was as follows: From Sevententh, street to Main, from Main.

Seventeenth street to Main, from Main and Seventeenth to the American Hotel, where they were entertained by the Richmond Fire Department.

mond Fire Department. A large bowl of punch was then served by Mr. Felix Keegan at the American.

After arriving at the hotel an address of welcome was delivered to the visiting company by Chief Puller, of the Richmond Fire Department. This was followed. mond Fire Department. This was followed by a short speech from the chief. It was answered by Mr. W. B. White, chief of the visiting company, in a brief

speech of acceptance.

Later in the afternoon the visiting fire laddles were escorted to Sanger Hall, where Messrs, Charles E. and William Loeffler entertained them with an elegant spread. From Sanger Hall the visitors were driven up town, and among other places they visited Mr. Charles Loeffler's Sepot of the Bergner & Engel Brewing

The company, which consists of forty by the Shrewsburg Band, of York, Pa., is in charge of W. B. White, chief, and Jacob Hose, foreman. They will leave to-day at noon for Washington and Baltimore, from where they will return home.

COMMITTEES ON LIGHTS.

Mr. Nicolal Explains His Posttion as to the Oil Furnished.

The Committee on Gas held its monthly neeting at the office of Superintendent A. Adams, at the Upper Gas-Works, last evening. Sub-Chairman Grimes and Messrs. George B. Davis, Hardwicke, Mann and Taylor were present.

The report of the superintendent for the month of September showed that 12,675,160 ubic feet of gas were made against 14 212.500 in the corresponding month of lest year. During the same period 12.547,-485 cubic feet were consumed, against 14,-120,592 cubic feet in the same period of last year. The receipts for coke during the last month were \$850.00, against \$2,the last month were \$500.08, against \$2,-427.50 in the corresponding month last year. The average fluminating power has been increased from 30 candles to 21.23 candle power. The cost of gas in the holder has been reduced from 54 cents per thousand cubic feet in September, 1892, to 29 cents during the last month.

Superintendent Adams also submitted his report as to the operations of the

superintendent Adams also submitted his report as to the operations of the water-gas plant for the month ending September 30, 1893. During that period 10.462,000 cable feet of gas were made, using 54,300 gallons of c9, 465,020 pounds of cyke, and under the boller 148 70 account cke, and under the boiler 142,370 pounds

Both reports were received. The committee granted the petition from residents on Catherine street who asked for the lighting of a lamp on that street near Munford street.

A resolution offered in the Council by Mr. Levy, providing for the canceling of all delinquent gas-bills up to September 1st, was laid on the table on motion of

Mr. Davis.
Mr. Mann, on behalf of the sub-committee, reported an ordinance which had been drawn up by the city attorney in regard

to the cutting off of electric currents during the progress of fires at the discre-tion of the chief of the Fire Department. The company is not to be held responsi-ble for any losses or damage caused by the cutting of the wires. The committee decided to recommend to the Board of

decided to recommend to the Board of Aldermen the adoption of the ordinance. Superintendent Adams called attention Superintendent Adams called attention to the defective condition of the roof over the water-gas plant. On motion of Mr. Mann, the Superintendent was instructed to secure an estimate for a new roof over the water-gas plant proper. Mr. Taylor and Superintendent Adams were authorized to open the bids and give out the contract.

Mr. Adams recommended the extension of the gas main from Grace and Ryland streets through the latter to Franklin street. The Superintendent was instructed

to make the extension.

The committee decided to request the City Council to take the necessary steps to have a fire-plug placed at the Lower Cas. West. On motion of Mr. Mann, it was decided

to place a gas-lamp at the corner of Thirty-second and Broad streets.

Mr. C. H. Nicolal, of Baltimore, who furnishes the oil for the water-gas plant, had been requested to appear before the committee to explain why he had not sent the oil of the gravity called for in the contract. He had a rather lively con-troversy with Mr. Taylor, during which he endeavored to demonstrate that Mr. Taylor did not know anything about oil. He explained that he had made a mis when he quoted the gravity from 68 degrees for the price named. He just as well. He promised, however, to send hereafter oil in conformity with the

provisions of the contract.

On motion of Mr. Hardwicke, a resolu-tion was adopted instructing the Superin-tendent not to accept any oil below the

COUNSEL TO MEN OF LARGE AFFAIRS.

During such a period of financial disturbance as the present, you find it nessary to concentrate all your talents and energies on the management of your affairs.

You cannot safely delegate the work to another. At this time any one else, no matter what his ability, would be unable to successfully conduct your business, or protect your investments, as well as you can.

But there is a CHANCE that you may at any moment be FORCED thus to turn your affairs over to the management of another-namely, in the event of your death.

Remember that executors often think more about avoiding risks and protecting themselves than of carrying out the spirit of the testator's views. They generally lack experience in the business they are trying to

This inexperience and possible lack of interest may cost ten or fifteen per cent. of the value of your estate,

You cannot but recognize the truth of this statement; nevertheless, you can guard against this loss by assuring your life for the amount which in your judgment your executors would waste in winding up your estate.

You can easily, by economizing a little in your living expenses, pay from your income the premium on a policy for \$50,000 or \$100,000, issued by the strongest financial institution of its kind in the world, the Equitable Life Assurance Society of the United States, 120 Broadway, New York.

If you then chance to die, your executor will be INSTANTLY in the possession of \$50,000 or \$100,000 of CASH IN HAND; and ready money will have a FOURFOLD value if DEATH COMES.

On the other hand, if you live, and take your assurance (for example) on the twenty-year Tontine Endowment plan, you will Yourself reap a rich reward on maturity of the policy.

The following is an illustration of one out of many such policies maturing in 1893:

EXAMPLE.

LETTER FROM A POLICY-HOLDER IN THE EQUITABLE.

In response to your request that I should give you for publica-tion the results of Policy No. 81,524, which matured June 2, 1893, I beg to make the following statement:

The policy was for \$1,000, issued twenty years ago on the Endowment plan. The amount paid in premiums was \$953.60.

Among other options the following methods of settlement are now offered: First-Cash surrender value, \$1.597.04; equal to a return of all

the premiums paid, with interest exceeding 5 per cent per annum. Second—A paid-up policy of life assurance for \$3,858.

Third—A life annuity of \$112.58.

N. B .- The writer of the above letter has applied to the Equitable for a new policy for five times the amount of the original

policy. JOHN R. WEST, Manager, RICHMOND, VA.

TO SELL OR NOT TO SELL?

RED CEDAR CHEST.

THAT IS THE QUESTION.

Whether it is more prudent in the Furniture Desiet's mind to suffer the constant visits of his impatient creditors, or to dispose of part of his stock at a sacrifice, and by that disposition pay them. This is exactly what I propose to do. I carry the largest stock of HOUS HOLD FURNITURE in Virginia, and until the McKinley Bill, the herman Bill, Bodfalo Bill, or some other Bill brings better times to the country. I will sell my goods at fully 25 per cent less than I would have done three months ago. You need not take my word for it; visit every other Furniture nouse in the city, examine their goods, get their prices. But if you know what is good for you, you will not buy till you have ascertained how much lower my prices are for a supelior grade of goods.
